

Sun Protection

Sun Protection

ProChoice Sunscreen

It’s here, the ProBloc SPF 50+ Sunscreen range has landed and is now available for purchase in a range of convenient sizes, from our pocket size 12g Lip Balm right up to our power packing 1L Pump Bottle.

The all new non-greasy PABO and nanoparticle free formula has increased SPF ‘Sun Protection Factor’ from UVB rays (the ones that burn the skin) and improved ‘Broad Spectrum Performance’ to provide even more protection from those harmful cancer causing UVA’s. With 4 Hours Water Resistance, ProBloc SPF 50+ is highly recommended when working in conditions that induce heavy sweating, providing vital protection from the harsh Australian sun when you need it most.

Maxiblock Outbacker™ SPF50+ Sunscreen with Insect Repellent

A Sunscreen with insect repellent for when you need protection from the sun and from insects such as flies or mosquitoes. This formula combines sunscreen with DEET into a pleasant yet effective dual protection lotion.

- Sunscreen with insect repellent
- Contains 7.2% DEET
- Contains 5% avobenzone (UVA filter)
- Complies with AS/NZS 2604:2012
- Regulated by APVMA (approval number 86717) and TGA (AUST L-310426)

Directions: Use at least 35ml per adult application: 5ml (a teaspoon) to the face (including ears and neck), each limb, the back, and the front of the body. Apply liberally onto clean, dry skin and rub evenly at least 20 minutes before sun exposure. Re-apply every 2 hours and after swimming, exercise or towel drying. Avoid intensive midday sun or prolonged sun exposure. Caution: Avoid contact with eyes or fabrics. Discontinue use if signs of irritation or rash appear. Precaution: This product may be dangerous, particularly to children, if you use large amounts on the skin, clothes or bedding or on large areas of the body especially if you keep using it for a long period of time. Sunscreen with insect repellent should not be used for any purpose, or in any manner contrary

to this label unless authorised. Keep out of reach of children. First aid: If poisoning occurs, contact a doctor or the poisons information centre, phone Australia 1311 26, New Zealand 0800 764 766.

Ingredients: Active constituents (sunscreen): 4-Methylbenzildene Camphor 40mg/g, Bemotrizinole 10mg/g, Butyl Methoxydibenzoylmethane (Avobenzone) 50mg/g, Octocrylene 20mg/g. Active constituents (insect repellents): 72.1g/L Diethyl Toluamide (DEET), 51.5g/L N-Octylbicycloheptene Dicarboximide, 7.2g/L Piperonyl Butoxide, 1.0g/L Pyrethrins.
