

Survey Stakes & Droppers

Survey Stakes & Droppers

Fence Droppers

Used to maintain fence integrity and help spread stock pressure from a single wire, to all wires in the fence, reducing the risk of overloading and subsequent wire breakage. The unique angled design provides additional strength to the fence line. Fence droppers can be quickly fastened to new or existing fences.

Zebra Safe Pickets

The Zebra Safe Pickets are a safer alternative to steel star pickets or Y posts. The Safe Picket is made from fibreglass-reinforced epoxy resin and was designed in Australia to suit our tough conditions.

- Non-conductive
- Very strong
- Lightweight
- Reusable
- Non-corrosive
- Non-stick surface
- Cool to handle
- Rot and ant-proof

Close-up profiles of the safety picket, bottom of picket (L), top of picket (R).

Star Picket Cap with Tie

Has a tie attached which can be used for tying the cap to the star picket post. Designed to provide a method of holding the cap down on the picket and stopping them for coming off and getting lost. The tie can also be used to hold barricade tapes or mesh. This is a patented method introduced to save the need for extra items to hold it on.

Available in various lengths and colours, get in touch for more information (subject to order guidelines).

Zebra Picket Sleeve

The Zebra Picket Sleeves are made from tough, UV treated HDPE material, the caps can be used over and over, they are lightweight, strong and very easy to install. Triangular shape fits over star-pickets. Different colours for different applications. Used in mining to demark heritage & special environments, the versatile design is also ideal for hanging mesh from or attaching signs or reflectors as delineators - or purely as a protection cap.

The common configuration used by mining is a three-section cap (1x top and 2x extensions) at 600mm in total length. The top cap is 300mm long and each added bottom section adds 150mm per unit.

- Versatile, re-usable, tough
- High-Vis Protection
- Use it to hang the Zebra Barrier Roll mesh
- Can support wire/ribbon
- Attach signs, flags, reflectors etc.
